ABOUT EVENT

SPONSOR PARTNER OPTIONS

Live WIRED™ is a 3-day conference, held in Miami FL, featuring celebrity key note speakers and experts that will host entrepreneurs, investors, realtors, leaders, influencers, and coaches looking for the knowledge, strategies, and tactics to start, build, and/or scale their businesses.

MASTERMIND

The optional MASTERMIND is for high-achievers and investors looking to gain a competitive advantage over their previous year results and be ready with a plan to better position and partner for profits. An entire day before Live WIRED™, attendees of the MASTERMIND will learn from 7 figure real estate Investing business owners to help systemize, automate, and scale their existing business. This is a perfect day for partners looking to connect with higher level learners and individuals willing to invest at a higher level in their development.

HOST AND EVENT FOUNDER

SPONSOR PARTNER OPTIONS

"SIS" SHANEKA LENE'

A word from Sis: Introducing Live WIRED™ was the best way to help pay homage to women investing in real estate that are far too often overlooked and not given the respect and recognition that they deserve.

This platform was created due to lack of representation of female speakers at real estate investing events. The overwhelming response from women in the industry to have a place to bond, network, build relationships and partnerships with other like minded women that have the same or similar experiences was a catalyst for producing this event.

By providing implementable content, solid strategies, accountability, and step by step training, we set up our community to win in their business operations long after our event is over.
